

Woody Pet Products Inc. Best Bedding & Litter

ABSORBENCY MAKES IT THE BEST

Absorbency is the most important factor in Odor Control. Amazingly, one pound of Woody Pet will absorb four pounds of odor causing liquid, locking in the odor causing bacteria, keeping all areas fresh and clean smelling for longer periods.

THE BEST PRODUCT

Raw White Soft WoodFiber undergoes extreme processing which extracts most of the resins, oils, tars, acids and water from the wood fiber. Exiting the milling process the product is completely sterile in granulated form and has become an extreme absorbent. Looks like, but does not taste like Granola. We have eliminated the Dangerous Aromatic Hydrocarbons. There are **NO ADDITIVES** of any kind in this product, it is **100% Biodegradable Sterile Wood Fiber.**

BEST CAT LITTER

Woody Pet Professional Animal Bedding also works as a Superior Cat Litter which is safe for Kittens and declawed cats. In Cat Litter Boxes Woody Pet absorbs more odor causing liquids and lasts longer. Cat owners have said "Scooping the solids daily, we only replace the litter every two to three weeks and there is **NO ODOR!**"

BEST HORSE BEDDING

In Horse Stalls Woody Pet Greatly reduces ammonia odor, keeps stall floors dryer longer with easier, faster cleaning and much less disposal, as well as much faster decomposition after use. When allowed to moisten it will fluff up and expand to at least 4 times volume.

BEST BEDDING FOR SMALL ANIMALS

In small animal cages Woody Pet draws odor causing liquids from the bottom to ensure a stable, dry odor free healthier environment.

BEST FOR BIRDS

In Bird Cages Woody Pet provides added convenience, resisting clumping and caking, making cleaning quick and easy. The high absorbency will keep the cage fresh and odor free. Woody Pet is safe young chicks and will not ham eggs.

BEST FOR REPTILES

In reptile cages Woody Pet provides a superb natural surface for all manner of reptiles. The absorbent characteristics make it a superior substance for snakes, lizards.

BEST BEDDING BECAUSE IT IS SAFE

Woody Pet Professional Animal Bedding is the Best **NON-TOXIC** alternative for wood shavings because there are no Dangerous Hydrocarbons like there are in hardwoods, some pine and cedar wood shavings.
