If you are not 100% satisfied with this Incredible Hoof Oil, we'll refund your money!

Woody Pet Professional Hoof Oil was developed by a trainer in Texas that wanted a Hoof Oil that solved hoof problems in a much shorter time frame than other products. This super-penetrating oil goes right into the hoof immediately and leaves no greasy, wax build-up. Ideal for dry or cracked hooves. Farriers love Woody Pet Professional Hoof Oil because it thickens and strengthens the hoof wall. And, once the horseshoes are on, they stay on!
