- Reduces Respiratory Problems
- Reduces Allergies
- Reduces Flies
- Less Stall Cleaning Time
- Extreme Absorbency
- Environmentally Friendly
- Great for Foaling
- Horses Stay Cleaner
- Horses Stay Healthier

Genuine Testimonial

"Thanks so much! There are 4 or 5 people at our barn who have switched to Woody Pet from shavings and all like it, especially us. Our horse's hooves had been giving us fits with thrush. He is so susceptible to it and it was getting out of hand, but since we switched to your product it is virtually gone! And, picking is so much easier than with the shavings. Words cannot express how much we like Woody Pet. It doesn't stick to his blankets and he does not get any more urine stains on his front socks either! This stuff is something else! The part I like the best is that I am not throwing out what I have paid for with the manure, only the manure, and that is great... *John*

Stall Forks

Fine-Tines Fork

- 17" wide basket with 30 tines spaced at 5/16"
- Larger basket holds twice the "JR's" volume
- Removes the small stuff from 5/16" and larger
- An absolute must for stalls bedded with Woody Pet, sawdust or pelleted bedding

Fine-Tines Junior Fork

- 13" wide basket with 22 tines spaced at 3/8"
- Smaller basket design, makes for lighter picking
- Ideal for the young-uns helping at muck-out time
- An absolute must for all miniature horse farms
- Weighs in at approx 2 & 1/2 lbs

Why do the Pro's pick this fork for pick'n?

- Angled basket makes sifting easier.
- Polycarbonate design resists breakage.
- Designed by a horseman for horse lovers.
- Cleaner stalls with faster picking time means more riding time.
- Great for picking the small, messy bits left behind from "stall walkers"
- There is no better stall fork for cleaning show stalls and impressing the judges.
- These forks are the only stall forks designed for use with Woody Pet, saw dust and pelleted bedding.
